

SNAPE RECORDER'S REPORT FOR 2023

Village reports are produced annually in villages across Suffolk,
then submitted to the Suffolk Local History Council who, after collation,
forward them on to Suffolk Archives (formerly Suffolk Record Office)
for future generations to understand our way of life.

When complete, this year's report will comprise the body of the Snape organisations' reports (of which this is one) presented to the Annual Parish Meeting on 27th May 2024, and will be published at <https://snapevillage.info/pc/org24#vr>. To this will be added selected text and images, from the same website, of such blogs as those for the monthly Coffee Mornings, Girls About Snape (GAS), The Friends of Snape Church, Storm Babet and the King's Coronation.
